

Box Tops Special Event & Classroom Competition

Welcome to another wonderful year at Wakefield Elementary! It is time once again for our Food Lion Special Event and first Classroom Box Top Competition of the year.

The PTA and our local Wakefield Food Lion is sponsoring a **"Shop at Food Lion"** event on **August 29th from 6-8 pm**. Children who bring in their completed Box Tops form on the back of this flyer to Food Lion during our event will receive a special prize. Our good friend Wes the Eagle will also be there for photo opportunities. It will be a fun night!

This evening will also provide a wonderful chance for parents to shop, and by purchasing 5 participating products you will get an instant **20 box tops** for our school! Food Lion will have forms available to link your MVP card to our school so you can earn money for our school every time you shop! Volunteers will be on hand that evening to collect box tops. The Box Top promotions will be running the entire week of August 29th through September 4th at Food Lion.

Each Box Top clipped from participating products earns our school 10 cents so the more we clip the more we earn! Keep clipping and turning in those Box Tops to your child's teacher, the winning class of **EACH** grade level who collects the most Box Tops now through October 19th will receive a special prize.

Did you know that Box Tops can be clipped from hundreds of items you find in the grocery store and even on school supplies and Hanes underwear?!? You can also earn eBoxTops for instant credit (no clipping required!) by playing games, entering contests or shopping online at www.boxtops4education.com. On the website, you'll also find coupons and recipes using Box Tops participating products, there are so many ways to help earn money for our great school! Stay tuned for more ways to earn Box Tops and another fun Classroom Competition in February.

Please come out to support our school by shopping Food Lion **August 29th and thanks for choosing to make a difference for our school with Box Tops.**
